

Newly-Designed Outlook

Multi-application surge protector with pedestal tester. The tried and true all-in-one surge protectors are portable devices that have both surge protection and pedestal testing in one unit. Simply plug the device into the power pedestal to check the quality of your power and then plug in your cordset. You can continue to monitor the quality of power while your RV is connected and surge protected.

Open Ground, Open Neutral & Reverse Polarity Detection, Miswired Pedestal Indication, Surge Failure Indicator Designed for Outdoor Use, Weather Resistant, All Weather Shield Assembly, Thermally Protected Rugged Pull Handle, Locking Bracket, Tough Lexan Housing, Brighter 3-Color LED Indicators

Better protection for your appliance;
Better safeguard for your property.

Power Surge Protector

Our surge protector adopts the newest appearance design, making it more convenient to use.
